CCF is committed to funding locally-based researchers, programs and facilities until every child is assured a healthy cancer-free future.

The proposal should NOT exceed 3 (three) typed pages and should include:

- The amount requested,
- An explanation of the Project requested,
- Justification for the need for your requested Project,
- Time frame (when Project will be started/completed),
- Budget for Project, and
- Signature of Department Head or other person(s) designated to approve grant requests.

We ask that you include other sources from which you are seeking to fund the Project and any other funding source, and/or the amount contributed by your Institution/Hospital.
